An exciting opportunity has arisen for 4 Teaching Assistants to join our team. Mount Tamar is a vibrant, well established specialist school with a bright future in Plymouth. We are looking to appoint enthusiastic, motivated and flexible SEND Teaching Assistants to join us.

About You

As part of our team you will have a passion for working with pupils with additional needs, particularly children with ASC and SEMH. You will need to be resilient, compassionate, understanding and above all highly driven towards pupil progression. We are looking for experienced and positive communicators, with a natural ability to work cooperatively within a whole staff environment. You may be expected to work outside of the typical classroom environment, including off site work, to encourage our young people to learn. You will have a professional, child centred approach to your role, helping our students to make good choices. You will need to have previous experience of working with children, not specifically schools - candidates with youth worker or voluntary sector experience will be considered. You will need to have at least a GCSE grade C / 4 or equivalent in English and Maths. A full driving licence and access to use your own transport is desirable.
